

# Synergy Spanish

A 25-Day Course That Shows You How to Easily and Quickly Turn  
138 Spanish Words into Effective Spanish Communication.

By Marcus Santamaria / Edited by Elena Chagoya

Making **Spanish part of your life** is **easier** than you have been shown

Just as **3 primary colors** make all colors, **12 notes** make all music and **26 letters** make all English Literature.

**138 words** are all you need to begin **communicating effectively** in Spanish.

All you need to do **now** is...

**Learn 138 words,**

**Master the easy steps to using them with Synergy!**

And **25 days** from now you will be communicating **effectively in Spanish.**

## **Welcome to the Spanish speaking world.**

Today is your first step into the exciting world of speaking a second language.

Congratulations for having the courage to try a radically different approach.

But perhaps it wasn't courage on your part. Perhaps like me a few years ago, you have been exasperated, bored and disappointed in your attempts to learn Spanish. All the subjunctives and adjective clauses and preterit can really wear you down.

Or maybe you just stumbled across this book and the ideas resonated with you.

How ever you got here, I expect in 25 days from now you will be glad we have found each other.

You see....

When I started learning Spanish I had a very hard time. I had the will and the desire; In fact I would get up an hour earlier every morning just to study. But my progress was slow.

For you progress won't be slow. In fact it will be very fast. In just 25 days, if you take the time to master the steps in this course and master just 138 Spanish words. You will be able to express many ideas in Spanish and you will be able to manipulate the Spanish Language to say what you need to say in the real world.

This is not classroom pass an exam and forget it Spanish. This is for you to use in the real world.

You can use the Spanish for business to communicate with potential partners on business projects and create strong relationships.

You may want to speak Spanish for pleasure, maybe to get closer to Spanish speaking relatives, to make new friends, to make travel more exciting or even for romance....

That's what got me started.

Whatever your reason for wanting to learn Spanish, I hope that this course is a blessing in your life and opens the door to a new world for you, the world of Spanish.

Sincerely

Marcus Santamaria

## **Introduction**

### **Getting started**

There are few things you need to know before we get started.

You know swimming with a current is much easier than swimming against it. If you try and swim against the current you will expend a lot of energy and get nowhere. If you swim with the current you will move fast with a lot of momentum. Use the tools in this course to make learning Spanish as fast as possible, like swimming with a current you don't need to expend a lot of energy to make a lot of progress.

#### **Synergy Spanish Tool #1**

**The most important foundation of your communication is the Synergy Verbs.**

What are Synergy Verbs?

Maybe a better question is what is synergy?

Addition is  $1+1=2$

Synergy is  $1+1=3$

Synergy can also be  $1+1=5$

Or  $1+1=1$  million

Addition is John Lennon making good music by himself in the 70s and Paul McCartney making good music by himself in the 70s. But Synergy is John and Paul together making music in the 60s that is timeless.

The sum is greater than the parts.

In Spanish the Synergy Verbs are simple words that you can combine easily with other words to make almost infinite Spanish expressions. You can use them to easily express just about anything you want.

In this course you only need to learn just 30 **Synergy Verbs**

#### **Synergy Spanish Tool #2**

**The second tool for rapid Spanish communication is Brick Verbs**

If you can stack blocks, with the **Synergy Verb/Brick Verb** combination, you can make hundreds of Spanish sentences.

Brick Verbs are stacked onto Synergy Verbs and the combinations are powerful. No need for mindless verb conjugations, you just stack Synergy Verbs and Brick Verbs and begin communicating in Spanish fast.

In this course you will master 44 Brick Verbs plus 30 Synergy Verbs.

$44 \times 30 = 1320$

1320 Spanish combinations.

Big deal!

You need to say more Spanish than that.

### **Synergy Spanish Tool #3**

**Your ability to express yourself in and Spanish is multiplied with Mortar Words**

We had better add some **Mortar** to the bricks,

Now we can combine and create

$44 \text{ Brick Verbs} \times 30 \text{ Synergy Verbs} \times 64 \text{ Mortar Words} = 84480$  potential Spanish sentences

More than 84 000 Spanish sentences

That's not a bad start.

But it's even better than that because you can recombine and compound the Spanish, then the potential for your Spanish expression is... well too big a number for me to calculate.

Just as 3 primary colors make all colors, 12 notes make all music, 26 letters make all English Literature. 138 words are all you need to begin communicating effectively in Spanish.

Synergy Verbs, Brick Verbs and Mortar are your three powerful tools to jump start your Spanish.

There are four more tools designed to make your learning Spanish as seamless, easy and fast as possible.

The fourth tool is a super fast way to learn Spanish Vocabulary.

### **Synergy Spanish Tool #4**

**Mnemonics – How to ignite your imagination to learn Spanish words in a flash**

**Mnemonics** are without doubt **the most powerful tool** for learning a language.

How do mnemonics work?

Mnemonics make a link between English and the Spanish word that you want to learn. For example, the Spanish word for bread is **pan**.

Imagine yourself cooking bread in a **pan**. Really use your imagination and see yourself in your mind cooking a whole loaf of bread in the **pan**. The crazier it looks the better.

By creating a picture in your mind and using your imagination you access the right brain. The right brain is the creative side of your brain. The right brain learns fast. Just look at the world's masters of right brain imagination and fast learning. Children! Plus, you have an easy to remember link between the English word bread and the Spanish word for bread, **pan**.

**The mnemonics in the book look like this.**

The Spanish word for there is or there are is **hay**. (EYE)  
Imagine a Cyclops says, "There is something in my **eye**."

**There are 4 elements in learning with mnemonics**

1. The word in the (BRACKETS AND CAPITAL LETTERS) on the far right is how to pronounce the word in Spanish. The BOLD VOWEL in the pronunciation guide carries more stress.
2. The underlined words there is and there are are the English word or words you are learning.
3. The bold word on the first line (**hay**) is the Spanish word as it is spelled.
4. The bold word on the second line (**eye**) is the mnemonic link to the Spanish word as it is pronounced.

**Please note**

Mnemonic work best if the link word is close to the sound of the Spanish word regardless of the spelling. So the mnemonics always give you a mental link to the sound of the Spanish words.

### **Synergy Spanish Tool #5 Start first by understanding Spanish**

Each lesson has an exercise in understanding Spanish, real Spanish just as it's spoken... These lessons recycle words from previous lessons to reinforce and strengthen the Spanish in your mind. You will develop your sense of correctness in Spanish and an understanding of how Spanish is put together.

### **Synergy Spanish Tool #6 Now you are ready to create Spanish**

In every chapter you actually create Spanish.

These are writing exercises. However, if you are like me, and you don't want to write them out, that's okay. You don't have to write if you don't want. Instead translate in your mind and scroll down to the answers. Or print out the pages and cover the answers as you translate in your mind.

### **Synergy Spanish Tool #7**

#### **Simple, easy to follow Spanish speaking hints that make it easy you to communicate and be understood wherever you use your Spanish**

As you go through the course you will see two types of boxes. The first like this one.

### **Spanish Speaking hints**

#### **Communication Multipliers**

In the **communication multipliers** boxes are explanations of Spanish structures. The explanations are short. They are designed to be easy, so you can use them in the real world and use them right away to multiply your ability to communicate in Spanish.

### **Spanish Speaking hints**

#### **Accuracy pointer**

In the **Accuracy pointer** boxes are explanations of differences between Spanish and English. Why not start speaking Spanish accurately from the start. But don't sweat it if you make a mistake from time to time. You will most likely be understood if you master your Synergy Verbs, Brick verbs Mortar words and **communication multipliers** structures.

### **Synergy Spanish Tool #8**

#### **68 audio lessons for real Spanish expression**

This is where you really build your confidence and skill to communicate in Spanish. The 68 audio lessons, guide you step by step to speak in full Spanish sentences. Not only that, you learn to recombine the Synergy Verbs, Brick Verbs and Mortar Words in so many ways that you will be excited to discover just how much you can say in Spanish.

That's it; eight easy to use tools to jumpstart your Spanish. If you can stack blocks you can communicate in Spanish. 3 primary colors make all colors, 12 notes make all music, and 26 letters make all English Literature. 138 words are all you need to learn to begin communicating effectively in Spanish.

Well, let's get started. A world of Spanish awaits you.
